DISASTER RELIEF

MINISTRY

Our Disaster Relief Ministry is always ready should a natural disaster strike in our region. From food, basic physical needs, debris and flood damage assistance, shelter, to mental and spiritual care, we desire to be there for our community.

We provide training throughout the year for individuals interested in serving with the ministry. Training consists of learning the different roles within the ministry, how to do basic demolition, and how to holistically care for neighbors who are going through a difficult time due to a natural disaster.
